WHY REGISTER YOUR **TRADEMARK?**

Trademarks are one of the most important intangible assets in today's economic activity, and their protection is of vital importance in a competitive environment.

- **It is the best identifier**

It allows consumers to correctly identify products and services by linking them in the market with their origin and quality standard.

- **Effective tool against piracy**

Prevents the registration of the trademark by your competitor and its use on products and services of a different origin.

- **Benefits in the real and digital world**

Benefits of trademarks are replicated in the digital world as well.

- **Markets of interest**

In an open and globalized economy, it is relevant that your trademark is protected in all your target markets.

WE HAVE EXPERIENCE AND KNOW THE **INDUSTRY**

Alessandri's team of attorneys and paralegals has extensive experience in Chile and abroad in defining and implementing strategies tailored to your needs. They use tools and systems provided by international treaties on the matter,

with a view to obtaining protection and registration of your trademark, with a multidisciplinary and highly creative team, which is the first step in positioning your brand.
