## **EXTENSIVE EXPERIENCE IN RESOLVING CIVIL AND COMMERCIAL LITIGATION**

The lawyers of Alessandri's litigation and arbitration area are prepared to represent domestic and foreign clients before ordinary and special courts, as well as in domestic courts (Ad Hoc and CAM – as such term is defined below) and international arbitration proceedings (ICC and UNCITRAL). Our team has extensive international professional experience and postgraduate degrees in Australia, Spain, England and the United States.

We resolve disputes in contractual and tort liability matters, in the areas of technology, environment, health, capital markets, insurance, construction, project development, automotive market, free competition, among others. To achieve successful solutions, we provide creative and innovative strategic advice. Alessandri is a recognized player in trademark, patent, unfair competition, software and Internet litigation.

The area is led by partner Raúl Montero, arbitrator of the Arbitration and Mediation Center of the Santiago Chamber of Commerce (CAM) and associate professor of the Procedural Law Department of the Universidad de Chile Law School. Partners Arturo Alessandri and Felipe Cousiño are also CAM arbitrators and partner Patricio Rámila is Delegate -40 of the Chilean chapter of the CEIA.
